

BIBLE, GENESIS 1

IN THE BEGINNING... GOD CREATED **FIRST DAY**, NIGHT, MORNING AND EVENING.
GOD CREATED... **SUN** AND **STARS** TO SHINE ON **EARTH**... ON **THIRD DAY**.

Even beloved talking-sheep of Moses "Fluffy" understood that there is something fundamentally wrong with sequence of events in "Creation" hypothesis. She proposed idea that God, maybe, created **Sun** and then, after 8 minutes, there was **first day** on Earth. But Moses was unbendable in his "divine" knowledge and started to argue with passages about how sweet and pleasant for God is aroma of sacrificed in fire animals (Numbers 28:8, Numbers 29:2, Leviticus 23:18, ...). Only then "Fluffy" realized, how wrong she was all this time and agreed, that God definitely created **Sun** on **third day**, after He created **day** with **night**, **morning** and **evening**... that Earth is flat... with corners (Job 38:13, Isaiah 11:12, Revelation 7:1, ...) and Sun spins around Earth as well.
